it and U.S. Patent Nos. 7,181,494 and 6,907,471 are commonly owned, this agreement to run with any patent granted on the above-identified application and to be binding upon the grantee, its successors or assigns.

Petitioner does not disclaim any terminal part of any patent granted on the above-identified application prior to the expiration date of the full statutory term as presently shortened by any terminal disclaimer(s) of U.S. Patent Nos. 7,181,494 and 6,907,471 in the event that they later: expire for failure to pay a maintenance fee, are held unenforceable, are found invalid, are statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. §1.321(a), have all claims cancelled by a reexamination certificate, or are otherwise terminated prior to the expiration of their statutory terms as presently shortened by any terminal disclaimer(s), except for the common ownership stated above.

The evidentiary documents accompanying this document or referred to above have been reviewed by the undersigned and it is certified that, to the best of the assignee's knowledge and belief, title is in the assignee seeking to take action.

Check either box 1 or 2 below, as appropriate.

1. For submissions on behalf of an organization (e.g., corporation, partnership, university, government agency, etc.), the undersigned is empowered to act on behalf of the organization.
2. The undersigned is an attorney or agent of record.
